

Market Release October 2013 - NI non-Schema

Title	122 Market Message Implementation																														
Status	CDA Board approved for October 2013 NI non-Schema Market Release																														
Details																															
<p>The 122 Market Message is an outbound Market Message send by NIE to a Supplier to advise that a Meter Point has been de-registered as a result of a removal of supply.</p> <p>As part of the Enduring Solution Project, the 122 De-Registration Market Message was implemented in the schema, however was not implemented into production and it was agreed to implement post Enduring Solution Go-Live. Given, that it was not implemented into production, this 122 Market Message was not Ability/Market tested with NI Suppliers..</p> <p>CDA Board subsequently agreed to implement this as part of the October 2013 Market Release.</p> <p>The 122 Market Message will need to be ability/market tested with NI Suppliers.</p> <p>The 122 Market Message is as per NI – Market Message Implementation Guide – Meter Registration Baseline v2.3.1 (extract given below).</p> <p>NI - Market Message Implementation Guide – Meter Registration NIE Market Message Implementation Guide - Meter Registration Baseline v2.3.1 Page 100 of 121 Data Hierarchy Diagram Header MPRN Level Details 122 Message 1:1</p> <table border="1"> <thead> <tr> <th>Message Structure and Interpretation Segment and Field Level Identifier – 122 Message</th> <th>Rpt</th> <th>Optionality</th> <th>Description and Purpose</th> </tr> </thead> <tbody> <tr> <td>1 Message Header</td> <td>1</td> <td>Mandatory</td> <td><i>See Common Data Segments for detailed notes on structure and population.</i></td> </tr> <tr> <td>1 MPRN Level Information</td> <td>1</td> <td>Mandatory</td> <td></td> </tr> <tr> <td>2 FLD MPRN</td> <td>1</td> <td>Mandatory</td> <td>The unique identifying reference number for the Meter Point that has been de-registered.</td> </tr> <tr> <td>2 FLD Market Participant Business Reference</td> <td>1</td> <td>See Description (Optional)</td> <td>Will be blank in NI as all 122 messages will be initiated by NIE</td> </tr> <tr> <td>2 FLD De-Registration Reason</td> <td>1</td> <td>Mandatory</td> <td>A code to indicate the reason for the de-registration which will be: REM – Removal of Supply</td> </tr> <tr> <td>2 FLD Effective From Date</td> <td>1</td> <td>Mandatory</td> <td>This is the date from which the Supplier is de-registered.</td> </tr> </tbody> </table>				Message Structure and Interpretation Segment and Field Level Identifier – 122 Message	Rpt	Optionality	Description and Purpose	1 Message Header	1	Mandatory	<i>See Common Data Segments for detailed notes on structure and population.</i>	1 MPRN Level Information	1	Mandatory		2 FLD MPRN	1	Mandatory	The unique identifying reference number for the Meter Point that has been de-registered.	2 FLD Market Participant Business Reference	1	See Description (Optional)	Will be blank in NI as all 122 messages will be initiated by NIE	2 FLD De-Registration Reason	1	Mandatory	A code to indicate the reason for the de-registration which will be: REM – Removal of Supply	2 FLD Effective From Date	1	Mandatory	This is the date from which the Supplier is de-registered.
