ReMCoSG Update

SG Meeting held on 23rd August 2017 – Next SG 22nd November 2017.

ReMCoSG Actions Summary	New Action items:143 & 144, Closed Action items:105, 135, 137, 139 & 141 Carried Forward Action items: 140 & 142
TIBCO HUB/EMMA update	TIBCO is performant
SMART Metering Program update	CER has been evaluating the proposal and is close to making a decision that this is the way to proceed.
I-SEM update	No update.
Retail Market Program update	<ul style="list-style-type: none"> The Retail Market Program was approved up to Q1/2019. New action 143 was logged: Prioritisation process for post Q1/2019 to be agreed. The Retail Market Program will be a standing item on the ReMCoSG Agenda going forward.
De-harmonisation	<ul style="list-style-type: none"> UR is minded to de-harmonise. Discussions ensued about potential impacts of de-harmonisation. UR will emphasise internally the importance of making a decision on de-harmonisation as early as possible. New action 144 was logged: ESBN/NIE Networks to provide a date at which if a decision was not made it would put the delivery of post Q1//2019 Retail Market Program at risk. De-harmonisation will be a standing item on the ReMCoSG Agenda going forward.

Retail Market Programme

Assumptions

- Suppliers will be ready for Easter 2019 (Suppliers IT system changes with resourcing)
- De-harmonisation is not included in this programme of work
- No change requests to I-SEM
- SMART will proceed as per alternative proposal – Phase approach
- DRs (New Reg/Cooling Off) proceed to MCRs

Role of Suppliers

- Proactive Participation to meet Objectives and Timelines
- A high level of Preparedness
- Web Service Design work to be completed by Easter 2019 (if not earlier)
- Approach for future prioritising to be agreed (to include scoping ..)

Dependencies

- No impact of Data Centre move from Capita to ATOS
- CER and UR will formally sign off plan in timely manner
- Funding will be in place for Non-Smart Work
- A smooth I-SEM implementation in 2018
- Clear integration with Smart Program (role of Smart and Retail Forums like IGG)

Risks

- Program Full Resourcing
- No serious operational event/s
- Cyber Attacks and impacts for Retail Market
- Regulatory/Mandatory change requests

DR1188 – Update MPD 09 to Reflect Actual Market Process in relation to Meter and/or Service Removal

- ❑ At the IGG on 26th July 2017, following the briefing on a P1 incident, it was identified that market documentation needed to be updated to reflect the as-is process that is currently in place to cater for meter and/or service removal as part of a de-energisation.
- ❑ This DR raised to show the necessary documentation updates required.
